MCGILL WINS TRACK CHAMPIONSHIP AT STADIUM SATURDAY. SCORE WAS: MCGILL 68, VARSITY 39, QUEENS 10

Track Club Scored Great Success Far Outdistancing Their
Nearest Competitor At Meet — 1500 Present — Stadium
Dedicated To the Late Percival Molson — Large
Attendance Of Rooters Made Great Hit — Kennedy
Scored Highest Aggregate With Hamilton a Close
Second — No Records Broken Owing To High Wind
— Close Finish To Three Mile Race.

The second series of Inter-Collegiate sports to be held at McGill during the last week, was the very successful Track Meet which took place Saturday afternoon. The attendance was satisfactory and numbered about 1500 very enthusiastic women and men. The Rooters' Club was out in all its glory, and the exhibition, which it gave was beyond the expectation of all in excellence. The effects of the recent practices which have been held were easily seen, and our decisive victory on the track and field was in a large measure due to the support which the contestants received from their college chums in the stand.

The spectators from the R. V. C. were about 150 in number, and their enthusiasm was no less than that of the stronger sex.

The times made in the various track events were slow owing to a very high west wind, against which the men had to run. The weather too grew cold, but the events were run off in quick succession and the various competitors did not seem to mind the frigidity.

The meet resulted in an unqualified victory for the Red and White who accumulated 68 points. Toronto "Varsity" came second with 39 to their credit, while Queens brought up the rear with a score of ten. The 10 points of Queens were scored by E. W. Frank who secured two first places in weight events.

The individual honors were won by R. W. Kennedy, McGill's crack athlete who piled up a score of 17. Close behind him came his team mate, Hamilton, with 15. Scores of five and over were as follows:

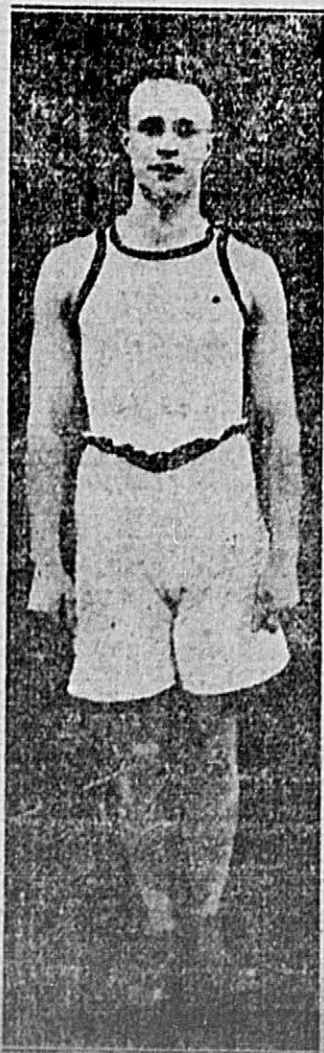

Kennedy (McGill), 17.
Hamilton (McGill), 15.
Foster (Toronto), 11.
Frank (Queens), 10.
Carruthers (Toronto), Antliff and King (McGill), 6.
Foss and Johnson (McGill), Smylie and Countryman (Toronto), 5.

The first event to be run off was the pole vault. This was won by Countryman, Toronto, with Antliff, McGill, second, and McIntyre of Toronto third. Countryman cleared the bar at 9 ft. 9 in. After three attempts both Antliff and McIntyre failed to do this, but later in jumping off the tie for second place Antliff got over the above mark.

The time for the hundred yards, which was run off during the pole vault was slow owing to the very high wind. This event was won by Kennedy, McGill, second Hay, McGill, and third, Cossit, Toronto. The time was 11.1.

The half mile was won by Hamilton, McGill, second, King, McGill, and third, McLeod, Toronto. Time 2:07.3.

ALL-ROUND CHAMPION.

W. R. Kennedy.

Frank, of Queens, proved victorious in throwing the sixteen pound hammer. Foster, Toronto, came second, while MacLellan, McGill, was third. Distance—125 ft. 6 3/4 in. Some discussion arose among the Toronto men regarding a throw by MacLellan, but the judges declared it fair.

In the running high jump, Kennedy and Foss, both of McGill, were tied for first place, with a jump of 5 ft. 6 3/4 in. Carruthers and Ridley, of Toronto, tied for second place, but Ridley won out on a toss. Both Kennedy and Foss tried to outdo the Inter-collegiate record of 5 ft. 8 in but failed. Much cheering was called forth from the Rooters' Club when a Pathe camera man took pictures of these two McGill men.

In putting the shot, Frank, of

MCGILL TEAMS CAPTAIN.

W. S. Antliff.

Queens, again proved superior. Foster, of Toronto, was second, while Notman, of McGill, was third. Frank's distance was 37 ft. 1 1/2 in.

Two McGill men took the first two places in the running broad jump, namely Kennedy and Wells, Ridley, of Toronto, came third in this event. The distance was 21 ft. 5 3/4 in.

Hamilton, of McGill, came first in the one mile run, while his team mate Antliff was second. Jamieson, of Varsity, was third. The time was 4:50.4.

The two hundred and twenty yards dash was officially opened by Dean Moyse, the Vice-Principal.

In view of the fact that this was the first Inter-collegiate event held in the McGill Stadium since it was completed in 1914, the occasion was taken advantage of to formally open and dedicate it to the memory of Capt. Percival Molson, M.C., who was killed in action on July 4, 1917, and whose munificence contributed largely to make the building of the structure possible.

After the two hundred and twenty yards dash had been run off, the dedication of the Stadium was proceeded with. Dean Moyse, of the Faculty of Arts, who delivered the address to Lieut.-Col. Herbert Molson, M.C., spoke as follows:

The McGill Graduates' Stadium Committee has the honor to ask you to accept this address on the occasion of the dedication of this stadium to the memory of your brother, Captain Percival Molson, M.C., who graduated in the Faculty of Arts in 1901, and in the Faculty of Arts in 1901, and Governors in 1913.

The record of Captain Percival Molson in University sports shows that he was one of the very best all-round athletes that McGill University has ever produced. In his undergraduate days he represented his Alma Mater in all forms of athletics, including football, hockey and track and field sports. Yet, in thinking of Captain Percival Molson, it is not so much his successes in the athletic field that dwell in our memory as the spirit of manliness and generosity which he brought to, and did so much to foster in, University sport.

In the early months of the war Captain Percival Molson qualified for his commission, and assisted Major G. C. MacDonald, M.C., to organize the Second Universities' Company for overseas service. He joined the Princess Patricia's Canadian Light Infantry in France in October, 1916. So severely wounded was he in the course of the sanguinary struggles at Hooze and Observatory Ridge in June, 1916, that nearly a year passed before he was fit for service again, but for a man of his temper there was one place only—the front line. He rejoined his battalion with the rank of Captain, and with the distinction of the Military Cross. A few weeks later, on July 4, 1917, he fell in action at Avion and was buried in Villers-au-Bols Station Cemetery. Throughout his military career Captain Percival Molson displayed an unselfish patriotism and single-minded devotion to duty that inspired all those with whom he was brought into contact.

Knowing the value of sport and sportsmanship in building up a healthy body as well as in forming character, Captain Percival Molson resolved to signalize it by the munificent donation of seventy-five thousand dollars towards the construction of this Stadium. It bears his name and perpetuates it forever—a worthy monument to a man who displayed in the practical energies of academic and elvie life qualities of the highest manhood and citizenship. This gift is accepted by a thankful University and acclaimed by its grateful students.

The Chairman of the McGill Graduates' Stadium Committee then formally pronounced the Stadium opened. Following this, Lieut.-Col. Herbert Molson, in accepting the address, replied to Dean Moyse, mentioning the great interest that Percival Molson had always taken in the development of all phases of student activity. He felt proud, he said, of such a worthy monument being dedicated to the memory of his brother. In concluding the ceremony, everybody stood up and sang "Hail, Alma Mater," the University hymn.

After the dedication had been completed the actual was continued. This second part furnished more thrills than the first, notably in the Discus throw, the three miles and the Relay race.

The winner of the Discus throw was Foster, of Toronto. His mark was 114 ft. 5 in., which is one inch less than the Inter-Collegiate record. (Continued on page 2)

MONDAY, OCTOBER 27, 1919.

A CLOSER AFFILIATION

Some, at least, of us have been impressed with the rather deplorable fact that the affiliation between McGill and Macdonald College has, so far as the respective student bodies are concerned, been a theory rather than a reality. This estrangement, if such it may be termed, is due rather to diversity of interests and peculiarity of physical surroundings than to any intention to effect and perpetuate it. The fact remains, however, that the two undergraduate bodies, as such have had surprisingly little in common and this particularly during the last four or five years.

The War and all its contingencies gave rise to the most insistent and most universal demand for co-operation that the world has ever been forced to give ear to. A common cause united races, creeds and tongues, and all differences were buried beneath the unanimous effort to accomplish a great and glorious purpose.

In our opinion one of the greatest benefits of the war is that it has broadened our interests and enlarged our sympathies. No longer can we be content to travel the narrow orbit of our very limited individual circle. We are men and women, not of one city, of one country, one university or one college, but of a greater fraternity and sorority—one which embraces all those who think and dream and strive as we think and dream and strive.

McGill was not slow to assume the duties and obligations which the war placed upon her and shoulder to shoulder with her sons stood those of Macdonald. Here at least was a real affiliation.

What now of the future? Are we to travel the same old hard-beaten paths of individual interests, forgetting the great and honorable ties which bind us inseparably together as fellow-students and brothers? Or are we determined to make our affiliation a reality and in so doing unite our forces for the accomplishment of things which are in every way worthy of a great new era—an era born of conflict, of sacrifice and of triumph?

For some time the question of making "McGill Daily" an inter-college paper has been considered. The fundamental object in effecting this purpose was, not only that through the co-operation of both institutions the "Daily" might be improved but also, that it might constitute a real link which would bind the two student bodies in a truer affiliation.

Until recently, however, there has been a difference of opinion as to the feasibility of this scheme. Difficulties, some real and others more apparent than actual, have interposed to prevent the adoption of the proposal. At last, however, the venture has been made and with the issue to-day "McGill Daily," McGill University and Macdonald College enter upon what will, it is hoped, be in many ways a new era. True, the present arrangement is but temporary as far as anything definite is concerned, but we at least feel confident that all that is necessary to the transforming of a theoretical into an actual affiliation is the establishment of a proper understanding between the two student bodies, and this understanding we look for as the result of our present co-operation.

Now is the time to forget all pettishness. We are men and we live in times when narrowness and prejudice are not compatible with manliness. Let us get together, combine our forces, in order to a proper realization of the great possibilities which the future holds for us. In one great and true affiliation let us blaze a trail back over which we may one day look with pride and satisfaction.

McGILL WINS TRACK CHAMPIONSHIP

(Continued From Page 1)

This was the nearest approach to a new record at the meet. Dickie, of McGill, was second in this event, while Carruthers, of Toronto, came third.

The hundred and twenty yards hurdles was won by Carruthers in 19 seconds. Kennedy, wearing the Red and White, was second, while Gnaedinger of the same colors came third. In this event Carruthers stumbled after going over the last hurdle, but he recovered in time to win.

The quarter-mile was won by Smylie, Toronto, second was King, Mc-

Gill, while Ryckman, of Toronto, came third. The time for this event was 53.2.

The most exciting event of the day was the three mile race. There were the usual six starters in this, and one of the Queens entries immediately began to set the pace which he held for two laps and then dropped out. His team mate quit soon after and left the field to McGill and Toronto entries. For ten laps these four men kept within fifteen yards of each other, but then Antliff, of McGill, began to drop behind. When the men passed the hundred yard mark on the last lap, Hamilton and the two Varsity entries were within ten yards of one another, while Antliff was about 75 yards behind. To within 50 yards of the tape Hamilton and Leigh were within two

MACDONALD SCENE OF SOCCER GAME

Students Vanquish Staff To the Tune Of 4 to Zero.

The students' soccer team played their first game for the season on Saturday afternoon, against the staff and employees of Macdonald. It was the general opinion of the spectators, before the game started, that the students would be defeated. In less than ten minutes the students made the first score. The staff then made some desperate efforts to get in a few shots but their attempts were spoiled by the brilliant work of our backs. Just before half time the students landed another under the bar.

When the second half started the staff had changed the positions of several men in order to even up. The change made no difference. The students held them down and scored two more goals, leaving the result 4 to 0 in their favour. Without a doubt the score would not have been so abnormal if the staff team had been in condition.

The line up was as follows:

Students Staff
Skinner Goal Walker
Hay R. F. Back Vincent
Grang L. F. Back Simmonds
Matthews, G. S. R. H. Back Biggar
Matthews, D. C. H. Back McQuat
Saunders L. H. Back Neilson
Bradford O. Right Start
Vanterpool J. Right Hickey
Heslop, A. Centre Boll
Dimmick L. Left Heslop, P.
Brown O. Left Jones, C.
Referee, E. Jones.

ATHLETIC REVIVAL NOW AT ST. ANNES

Freshmen At Macdonald College Urged To Get Out and Train.

During the period of the war, athletics at Macdonald have been on the down grade. This was due largely to the small attendance, and also to the fact that most of the men who were here were supposed to be misfits and not eligible. Nevertheless these men kept things going as well as could be expected and should be given credit for it.

This year we have a good attendance of strong, clean-cut men and the time has come for a revival in athletics here. The men can be divided into two classes: (1) those who come out and try, and (2) those who stand by and criticize. We seem to have too many of the latter and the sooner these men get the idea out of their heads that they are no good and cannot play anything, the better it will be for the college as a whole.

We expect to see the Freshmen buckle down and get into the various branches of sports because on them depends the future of athletics here. This is the year to get things going again. So let us see every one turn out and try for something.

Our big drawback here as is well known, is that we have no competent man to take charge of athletics as a whole and coach the various teams. The securing of such a man should be looked into and taken up with the proper authorities.

Nevertheless, as we have no one for the position, let us all buckle down, practice, and turn out teams that we are not ashamed to see on the floor. This means you—everyone!

PERSONALS

After a few days absence Miss Dorothy Harrison is welcomed back to science by all her fellow students.

Miss Jessie Bloomfield has returned to her home in Westmount on account of her father's illness and we hope to have her back shortly.

Miss Merle Smythe has returned to her home in Westmount owing to the death of her grandmother and will be welcomed back by all this week.

Miss Frances Thompson, graduate of 1919 is now working in Montreal at the Khaki Club, was visiting Miss Murray at the college Saturday afternoon.

feet of each other. Hamilton, however, sprinted and won. Leigh was second and Bell, Toronto, third. The time was 17 min. 8 sec.

The relay race was also very exciting. Smylie started against McNider, McGill, and secured a good lead. In the second lap Kyle and Cossitt opposed each other, as the former had just run the quarter, he was outdistanced. Kennedy in the third lap set out to shorten a handicap of close on 80 yards, and he succeeded in halving this. Hay in the final lap set out to close up the thirty yards or so that separated him from Toronto. He did this and won the last event for McGill.

Although no records were broken the meet was a decided success and was a fitting revival of inter-collegiate track work.

ANNUAL FIELD SPORTS HELD AT MACDONALD

Sophomores Make Clean Sweep Of Events.

GREAT ENTHUSIASM.

The athletic atmosphere reached its greatest height during the first three days of last week, when all four years turned out with large entries for the annual field day. It was a great pleasure to see the old-time feeling towards sports back at Macdonald.

The results of the final events were as follows:

Mon., Oct. 20—
Two mile race—Won by: Perron; second, Poutress; third, Smith. Time, 12 min. 12.5 sec.

Wed., Oct. 22—

1. 100 yds Dash—Won by: Welsh, J.; second, J. W. Graham; third, A. Pesner. Time, 10 3-5 sec.

2. Shot Put—Won by: R. Templeton; second, J. Smith; third, W. Hay. Distance, 27.7 ft.

3. Half Mile—Won by: J. Poutress; second, A. Heslop; third, J. Parker. Time, 2:27 3-5.

4. Standing Broad Jump—Distance, 8.64 ft. Won by: W. Hay; second, C. Skinner; third, J. W. Graham.

5. 220 yds Dash—Won by: J. W. Welsh; second, W. Patterson; third, J. W. Graham. Time, 26 seconds.

6. High Jump—Won by: C. Skinner; second, K. Emberley; third, S. Buchanan. Height, 5 feet 1 in.

7. One Mile—Won by: J. Poutress; second, Perron; third, Shephard. Time, 5 min. 36 sec.

8. Running Broad Jump—Won by: C. Skinner; second, C. Bradford; third, J. W. Graham. Distance, 18.35 feet.

9. 120 yds Hurdles—Won by: J. W. Graham. Time, 20.6 sec.

10. Throwing the Baseball—Won by: A. Pesner; second, D. Mathews; third, R. Templeton. Distance, 287 feet.

11. Obstacle Race—Won by: R. Chon; second, Buckland; third, C. Skinner.

12. 440 yds Dash—Won by: J. W. Graham; second, Bowen; third, S. Skinner. Time, 1 min. 1.5 sec.

13. Pole Vault—Winners: S. Buchanan; second, J. Winters; third, C. Bradford. Height, 8 feet, 1.75 in.

14. Hop, Step and Jump—Won by: J. W. Graham; second, J. Welsh; third, C. Skinner. Distance, 36.95 feet.

15. Class Relay Race—Won by: Juniors; second, seniors; third, Freshmen.

Oct. 23—

16. Tag of War—Won by Juniors.

One of the most interesting features of our annual sports was the inter-collegiate war. On Thursday afternoon four forty-five the Seniors and Sophomores pulled the first tug. This was an extremely even contest, the Sophs winning by a small margin.

The second pull was between the Juniors and Freshmen. Here the Juniors gradually pulled the Freshmen over the line. Then the final came between the Juniors and Sophs. This was steady and strong, both teams being full of confidence of winning.

Miss Garrock, assistant dictation is now spending her vacation at her home in Ottawa and Miss Mary Brumell, head of the Senior Science in 1918-19, arrived Saturday as substitute for Miss Garrock.

Many girl graduates of 1919 visited the college Saturday afternoon for the sake of old times, namely, Miss Dorothy Grant, Miss Linda Darling, Miss Doris Anderson, Miss Faith Mathewson, Miss Lillian Kert, Miss Helen Rosovitch, Miss Mable Jennings, Miss Doris Brezer, Miss Cooper and many others.

Of course, other things besides chicken were present at the spread but they are too numerous to mention and of less importance. The main aim in having our class feeds is to have occasionally a spread something like that which mother used to make.

On Saturday, near the hour of midnight, the Senior students partook of a good old time, spread of milk feed and orate fattened Macdonald chicken. A chicken feed is always in order around Mac. Of course, we get chicken dinners occasionally in the dining hall but somehow a real feed of chicken during the later hours seems to be enjoyed just a wee bit more.

ST. ANNES Y.M.C.A. HOLD WEEKLY MEET

Prof. Lochead Delivers Interesting Lecture.

Morning, Oct. 26, the Macdonald College Y.M.C.A. held its usual weekly meeting. The men students who were present had the privilege of hearing a very enlightening and interesting talk by Prof. Lochead, of the Biology Department of Macdonald College.

Prof. Lochead's topic was "Our Philosophy of Life." After defining this to be simply a religion in life he proceeded to emphasize its importance. He said that when a man was young and when everything was coming his way he did not feel any deep need of a religion, but when he began to get old and when times of adversity came, then was the time when a philosophy of life proved worth while. A man without a philosophy at this time was like a house built without a plan. Everybody has a career of some kind to build; it may be poor, mediocre, or good, but something must be built. Hence the importance of going through life with a definite plan or religion which will result in a career of some value.

Passing on from the importance of the subject, the speaker declared that the best source of a philosophy was the Bible. Many did not read the Bible because they had no use for the church, or because they were unable to interpret its teachings. Students in science, especially, often became puzzled when comparing conclusions from their studies with teachings in the Bible. However, if one considered the tendency of Oriental writers and speakers to clothe their ideas in parables and figurative language this would lead one to put an interpretation on Bible stories different to that of their literal meaning.

In conclusion, Prof. Lochead declared that if a little more thought and reason were given to the study and interpretation of the Bible, a stronger philosophy of life could be built up. This philosophy would result in a life of usefulness which would be a source of satisfaction to the individual himself and to society in general as well.

A GOOD BEGINNING

Never before have the students of Macdonald College felt happier and more contented with their surroundings and social activities than they have this year. In former years the rules were very strict but thanks to the broad mindedness and kindness of our dean of residences, Mrs. Ilsen, all this has been changed. We have more privileges than ever before and with the help of all our fellow-students these privileges should not be imposed upon. As an instance of this, take the Saturday night dance. In former years such a thing was unheard of. It is, indeed, a great pleasure and we feel that it is up to every student to lend their co-operation in making these dances a success.

A large percentage of our male students are overseas men. It is somewhat difficult for some to settle down to work. Therefore, let us all co-operate and get back to the old routine and real college spirit.

Let us then, be up and doing, With a heart for any fate; Still achieving, still pursuing, Learn to labor and to wait.

On Saturday, near the hour of midnight, the Senior students partook of a good old time, spread of milk feed and orate fattened Macdonald chicken. A chicken feed is always in order around Mac. Of course, we get chicken dinners occasionally in the dining hall but somehow a real feed of chicken during the later hours seems to be enjoyed just a wee bit more.

College Sports and Athletics

MONTREAL OPENED UP ON ARGO'S AT VARSITY STADIUM SATURDAY

One Thousand Fans Turned Out To Witness Fixture — Argos Were Without Services Of Frank Knight, Captain and Flying Wing.

With the field representing a chain of miniature lakes, and in a driving rain Montreal and Argos staged an inter-provincial rugby Union fixture at the Varsity Stadium Saturday. Argos were without the services of Frank Knight, captain and flying wing, while the easterners were without O'Brien of the back line. In spite of the weather about 1,000 fans turned out to witness this fixture.

The teams were as follows:

Montreal.	Argos.
Herscovitch .. Flying wing ..	Cassels
Barwick .. Halves ..	Batstone
Jacobs .. Halves ..	Garrett
Brophy .. Halves ..	McKellar
McGill .. Quarter ..	Cochrane
Roberts .. Scrimmage ..	Polson
Rowland .. Scrimmage ..	Bisfield
Law .. Scrimmage ..	Sinclair
Abonvitch .. Inside ..	O'Reilly
Baker .. Inside ..	Sullivan
Finlay .. Middle ..	Spring
Patticary .. Middle ..	Westman
Sharpe .. Outside ..	Burkhardt
Dawson .. Outside ..	Burn
Referee: Quilty, Ottawa.	
Umpire: Mallett, Hamilton.	

Montreal won the toss and elected to defend the south goal. The kick-off was returned into touch at Argos 40-yard line. Jacobs booted over when offside gave them the ball, and Garrett and Batstone combined to run it out. Argos lost the ball for interference, and Jacobs booted to the dead line. Montreal 1, Argos 0.

Garrett's kick moved the play to Montreal's quarter, and Jacobs' return went the same distance. Argos made 30 yards through the line, and Garrett booted to Jacobs on his 10-yard line. Argos held, and Jacobs booted to Batstone, who ran it back twenty yards.

Argos lost the ball, and Jacobs kicked to Batstone. Garrett kicked to Jacobs, who muffed, but recovered. An exchange of kicks made no gain, and Argos spoiled an attempted end run. An onside kick that went wrong gave Argos the ball at their 40-yard line. A muffed by Garrett let a Montreal wing away, but he was overtaken by Batstone when 20 yards from Argo line.

Quarter-time score: Montreal 1, Argos 0.

Second Quarter

A pretty try formation let Montreal through for 15 yards, but a second attempt failed, but Montreal bucked over on the third down. It was not converted. Montreal 6, Argos 0.

An exchange of kicks and an end run gave Montreal possession at centre field, where they lost on interference. Garrett kicked to Brophy, who was downed on his own line. Argos held the line and Jacobs kicked to Garrett, who returned to Brophy and the latter ran into touch at his own 5-yard line. Brophy booted into touch at his own quarter. McKellar broke through for 15 yards and Garrett booted over for a single. Montreal 6, Argos 1.

SOLDIER'S DINNER AT PRES. COLLEGE

Freshmen Also Attend Banquet Held Last Friday.

A diversion from the events of Wednesday evening last, came in the form of a dinner given to the Freshmen and the Returned Soldiers of the Presbyterian College, on Friday, October 22nd.

Besides the residents in the building, there were present two members of the Faculty, Dr. Welsh and Dr. Gordon and also five ladies who are taking social service work and are connected through their studies to the college.

After an enjoyable meal the programme was commenced by a toast, proposed by Mr. R. Dewitt Scott, President of the Student Body, to His Majesty the King and the Prince of Wales.

Following as a toast to the Faculty by Mr. Grosjean, to which Dr. Welsh and Dr. Gordon responded. Dr. Welsh mentioned the more important facts in connection with his work in the Khaki University and stated that, above all, the spirit that the returned men have brought us is one of realization of duty and a love of right. Dr. Gordon spoke mainly to the younger men, but said also that he was glad to see the spirit of unity and the fine feeling that existed between the Faculty and the students.

A toast was then proposed to the Alumni by Mr. D. R. Morrison, and was ably responded to by Geo. Allan. The latter voiced the feeling of the assembly when he said that he would give a great deal if he could be a member of the congregation of which

Burkhardt was hurt and had to retire and Burns replaced him. Barwick kicked to Batstone. McKellar went around the end for 20 yards and Garrett took the other end for 15 more. Argos pulled an onside kick and Sinclair grabbed it for a touch down. It was not converted. Montreal 6, Argos 6.

Cochrane returned the kick off to Montreal quarter. Montreal bucked for yards. An exchange of kicks left play middle at half time. Montreal 6, Argos 6.

Third Quarter
With the score even the teams came out for the second half to continue their battle in the mud. Every play saw a dozen players doing the submarine act so bad was the condition of the field.

Montreal kicked off to Batstone, who was downed at quarter. Garrett booted to Jacobs, who muffed, but Barwick recovered and ran 15 yards across the field. Interference gave Argos the ball, but they lost on a forward pass. Batstone returned the kick to midfield. Montreal dropped the ball on a line play and Argos lost on downs. Barwick kicked to Batstone. Argos again lost on downs, but Batstone took Barwick's kick at his own 20-yard line. Garrett booted to Barwick at midfield. The Montreal quarter's pass went astray, but Brophy recovered. Brophy kicked over and Batstone was downed for a rouge. Montreal 7, Argos 6.

Garrett's boot went into touch. Montreal made yards on two downs and then Barwick kicked to Batstone, who ran back five yards. Argos lost the ball in a scrimmage twenty yards out, and Brophy went around the end for five-yard gain. Three-quarter score: Montreal 7, Argos 6.

Fourth Quarter

This quarter opened with Montreal in possession seven yards from Argos line. Montreal failed to make yards and Argos secured. Knight came into the game at this time when a wing man who was hurt had to retire. Garrett kicked into touch. Barwick kicked to Garrett who just got out. Argos were now on the defensive, Montreal returning every kick and forcing Argos back slowly. A muffed which was recovered and an onside moved the play to centre field, and Garrett's kick left Montreal in possession at their own quarter.

Jacobs kicked into touch at centre-field. A muffed by Garrett on an attempted kick let a Montreal wing run half the length of the field for a touch down. It was not converted. Montreal 12, Argos 6.

A muffed following Barwick's return of the kick-off gave Montreal the ball at midfield. Jacobs booted to 15 yards from his line. Garrett booted to centre-field on the first down. McKellar was hurt and replaced by McCurry. Montreal dropped the ball on the line and McCurry tried to go around the end but was downed. Final score: Montreal 12, Argos 6.

MARITIME CLUB HOLDS MEETING

Strathcona Hall To Be Scene Of Conference To-Day.

The current announcement in today's "Daily" of the meeting of the Maritime Club, to be held in Strathcona Hall to-day at 5.30, shows a deserving and worthy effort to rejuvenate one of the most popular organizations in the University for students of the Maritime Provinces.

Men and women here who come all the way from "down east" are naturally interested in one another, and such

anyone of the returned men might be past.

A toast to the ladies was an important item in the programme. This was given by Mr. Peter Jackson, and replied to by Miss Dreeschel.

Mr. Jas. Grier toasted the returned men in very appropriate words, which were acknowledged by Lieutenant A. Sutherland.

The first year Theology men were extended some advice by Mr. C. K. Mathewson, to whom Mr. Jas. Uley replied.

Another very important incident was his toast of the registered Medical Students, by Mr. R. McRae. Mr. Scott, in his reply, drew attention to the fact that there were five Medical Missionaries and five Social Service workers.

Mr. Angus McLean and Mr. H. Cousens, in turn, advised first year Arts and Matriculation men who were represented by Mr. H. Stephenson and Mr. A. Lloyd.

The gathering was concluded by the singing of "Good-night Ladies" and "Auld Lang Syne."

MCGILL JUNIORS BEAT MACDONALD

Game On Saturday Results In Score Of 11-0 For McGill.

The fourth game of the Junior Q. R. F. U. series was staged at the McGill Stadium last Saturday morning, between McGill Juniors and Macdonald College, resulting in a win for McGill by the score of 11-0.

The score suggests a walk-over, but the game was reverse of the suggestion. McGill had to work hard for all the points they made. Macdonald had the better team as regards weight; but McGill's superior knowledge of the game and better playing tactics were sufficient to give them the victory.

The first quarter began with the wind in Macdonald's favor. Play was confined to mid-field, McGill making some slight gains. The quarter ended with no score on either side.

In the second quarter McGill took the lead. By gradually working the ball down the field they came within bucking distance of Macdonald's line. The McGill quarter went through for a touchdown, which was converted by Wilson. Before the quarter ended Wilson kicked for a rouge. Score—McGill, 7 Macdonald, 0.

Play in the third quarter was very even; Macdonald showed more ability in this quarter. But McGill succeeded in kicking for another rouge.

In the fourth quarter Macdonald held even better than in the preceding quarter but luck was against them. McGill succeeded in getting a safety touch and another rouge. The game ended with the ball in Macdonald's territory. Final score—McGill, 11; Macdonald, 0.

McGill plays at Macdonald on Nov. 8.

VARSITY WINNERS OF SOCCER CHAMP.

Varsity won the Intercollegiate soccer championship in the game played Saturday morning on Queen's campus. Varsity defeated Queen's by a score of 2 to 1.

In the game played in Toronto, Varsity won by a score of 3 to 1, making the total score 5 to 2 on the two games. McGill did not have a team in the series. Donaldson, for Queen's, scored the first point and this was soon followed by Rintoul for Varsity, and half-time ended with the score 1 to 1. In the second period both teams played much better and pressed hard for a score and Spaulding, for Varsity, made the final score. With five minutes to play Varsity scored a third goal, but the referee would not allow it, stating that it was scored from an offside play. The teams lined-up as follows:

Varsity—Goal, Griffin; backs, Dundas and Patton; forwards, Dafeo, Raitley, Butler, Nash, Spaulding, Edwards, Hueter and Rontoul.

Queen's—Goal, Cursey; backs, Vedora and Sinclair; forwards, Dunne, Donaldson, Robertson, Grant, Ranson, McLaughlin, Steele and Graham.

Referee—Lieut. Strowger, of Kingston.

SWIMMING MEET HELD AT N.A.A.A.

The finals for the Canadian Championship were held at the Natatorium of the National A.A.G. on Saturday night. Most of the events were carried off by the representatives of the Detroit A. A. A., who put up a brand of swimming seldom equalled in Montreal. The McGill Relay team was unable to make a place swimming against Detroit and the M.A.A.A. Plak came second in the half mile, being beaten by Vernot by a very narrow margin. Vernot also got 2nd place in the 100 yards, being beaten by Detroit. On the whole the McGill man showed up well against men who are breaking the records for the distances frequently, and their showing promises well for any inter-collegiate swimming meet that may be held this year. "Curley" Walters gave a display of fancy diving, which brought forth great applause from the large number of spectators.

An organization as the Maritime Club serves as a social function to keep them together.

The Club figured largely in student life in the past, and was the result of an amalgamation of the P. E. Island, New Brunswick and Nova Scotia societies. The meeting to-day is to discuss the programme for the year, and generally to get together. The appeal for attendance is extended to eligible students in all faculties. It is expected that there will be a representation from the R. V. C. and also from the Faculty, who are in hearty co-operation with the scheme.

The determination to get away to a good start augurs well for its success and it should undoubtedly serve the double purpose of recreation and exchange of personalities.

TIGERS' PAW FELL HEAVILY ON OTTAWA IN BIG FOUR GAME

Final Score Was 15 to 1—Field After Heavy Rain Resembled Miniature Lake—Large Crowd Of Fans Were Present—Old Timers Were Out in "Togs."

In spite of the heavy rain which fell Saturday morning and the threatening weather in the afternoon, a large crowd of excited Tiger fans were on hand for the first home game of the inter-provincial rugby season. Hamilton's ancient enemy, the Ottawa Rough Riders, were the Tiger opponents and they came to town chuck full of confidence in spite of their defeat last week at the hands of the yellow and black. Much depends upon to-day's game, and both teams knew it, in fact, because of the importance of the battle the weather conditions proved a huge disappointment to everybody. A wet ball and slippery ground resulted in much uncertainty brought into the game, although the Tigers were confident of victory. The league race in the Big Four this year is so upset that with the season half over the result is very much in doubt. Tigers have played their three games to date away from home and for that reason appear to have a grand chance to at least tie up the race for the championship and the right to participate in the Canadian finals.

The bad start which the local crowd got away to has proved a blessing in

disguise, for it forced out several of the old veterans, who had hung up their moleskins for good and Saturday afternoon such old timers as Bob Isbister, Ross Craig, Norm Clark and others were in harness. Their presence was responsible for the great confidence pervading the Tiger camp, the large crowd feeling cocksure that the Rough Riders would suffer another defeat at the hands of the yellow and black, who have bumped the boys from the capital so often in the past. The score was 15 to 1 in favor of Tigers. The teams lined up as follows:

Ottawa—	Tigers—
Emmerson .. Flying wing ..	Isbister
E. Tubman .. Left half ..	McKelvey
Gilhooley .. Centre half ..	Leadley
Wetmore .. Right half ..	McFarlane
McCann .. Quarter ..	Flekley
Ingram .. Left/scrime ..	Myles
Cassels .. Centre/scrime ..	Ireland
William .. Right/scrime ..	Gatenby
Gill .. Left inside ..	Holden
G. Cummings .. Right inside ..	Craig
Dewhurst .. Left middle ..	Brown
Baker .. Right middle ..	Shuart
Thomas .. R. outside ..	Henderso.
Referee—W. H. Hewitt.	Umpire—Tommy Riddell.

TORONTO AUTHORITY FAVORS MCGILL FOR BATTLE SATURDAY

In Review Of Rugby Situation Says the Red and White Figured To Beat Varsity — Says Dominion Body and One Set Of Rules Needed.

The following review of the Canadian rugby situation was written by a well-known and recognized authority on athletics and football, and appeared yesterday in one of the best known of Toronto Weeklies.

Before the present rugby season opened predictions were made on all sides that it would be a "grand and glorious" year. The pessimists were inclined to believe that the dopests were a little too enthusiastic and that things would fall shy of what the optimists figured. True, the season is only half over, but it certainly looks "bigger and better than ever," as the circus men would say. For one thing, the weather has been ideal, and that has helped considerably. Some troubles have cropped up, it is true, but they were only to be expected. The rugby machinery had been inactive for a number of years, and though the officials went over it and used the oil freely, it was only to be expected that some spots would be overlooked. The officials were a little rusty at first and made some grave mistakes. They are better now, and the fans can look for better played and better handled contests for the balance of the year.

McGill or Varsity.

The Intercollegiate Union race looks as usual to be a battle between those old rivals, McGill and Varsity. Those who have seen both teams play are inclined to the belief that McGill are the better. The writer has not seen McGill, but has been told while visiting Montreal that "Shaag's" boys are a pretty nice lot. They will, of course, have the advantage of Shaughnessy's unique Americanized coaching, with the many complicated trick plays that are bothersome to opposing teams who are coached according to Canadian ideas. This is a distinct advantage to McGill. Their boys are young fellows who learned the game in the preparatory schools and were taught the Canadian style. Then at McGill they learn the American ideas as taught by Shaughnessy. As for Varsity, they learn the Canadian code in their preparatory schools, and Varsity are just prepped up in some new plays. Therefore, when they meet, the McGill players have the advantage because they are adept at the Canadian style, and in addition spring American plays that are unknown to Varsity, who, caught by surprise, are unable to figure a defence that will combat it until the damage has been done.

Nice Race in Big Four.

That sure is a pretty race in the Big Four, and to try and select a winner is a real proposition. To the writer it looks as if Tigers and Argos will be tied for the leadership when the regular scheduled games are completed. This is doped out by counting the three home games to be played by Tigers at home as victories. Argos' visit is figured in this, too. As for Argos, they should win from Montreal and Ottawa here, but are likely to lose at Hamilton. By figuring this way 5-5 and the total for the city was 2-2, it would give Argos and Tigers four victories and two defeats each at the finish. If there is a tie only one game is likely to decide it, the toss of a coin showing whether it will be played in Toronto or Hamilton. Mont-

real and Ottawa have held the limelight in the Big Four race, but they are figured out of it now. Of course, they are liable to come along and upset the dope, and Argos and Tigers can take no chances with them. Many a game has been lost by over-confidence, as Argos well know. It cost them a victory in Ottawa, which would just about have given them the title without any worries.

T. R. and A. A. All the Way.

It is T. R. and A. A. all the way in the O. R. F. U. senior race. Neither Capitals or Hamilton Rowing Club are likely to upset the apple cart as far as the black and white are concerned. Caps figure they will trim Ross Humphrey's gang the next time out, and they may, too, but they are few who would like to wager on it. True "Jimmy" Garlick's team will be a lot stronger in their next engagement. They had a weak team against T. R. on Thanksgiving Day. Caps play Hamilton Rowing Club at Hamilton to-day, and no doubt the teams will have a merry battle for second honors. As for the intermediate race, it looks like a stiff proposition to call a winner. Dundas won their group by default, and Caps look to have a struggle on the honors in Toronto. Up west, London, Sarnia and Petrols are having a merry time of it.

One Rule For All.

Up in western Canada they are clamoring for one set of rules to govern the game all over Canada, and one union to control the game generally and to arrange play-offs. True, there is a Canadian Rugby Union, but it really only governs Ontario and Quebec. The C. R. U. seems unwilling to get into action to improve conditions, and they should be given a jolt to wake them from their sleep. It would be a good thing for the C. A. A. U. to ask for a general rugby meeting of enthusiasts from all over Canada. The situation could be discussed and a Canadian union organized on the same lines as in the Canadian Hockey Association. Rugby is played in practically every province. It does not need building up, but it does need one body to take hold of things and handle them so a real Canadian champion could be declared. The Canadian champions at present are only champions of Ontario and Quebec, and are not truly representative of the entire Dominion.

BASKETBALL.

If possible a practice will be arranged for Tuesday morning—it being a holiday. Will all those wishing to play please watch the athletic board for further information.

HARVARD FUND.

Subscriptions obtained by canvassers for the Harvard Endowment Fund in Boston were \$1,386,445 from 2867 persons, it was announced recently. Unsolicited gifts amounted to \$1,281,585 and the total for the city was 2-2, 668,030, or about 44½ per cent of what the district was believed capable of yielding, namely -6,000,000. The total of the fund for the United States was -6,682,030, according to announcement by the Greater Boston committee.

QUEENS AGAIN MET DEFEAT AT HANDS OF TORONTO SQUAD

Third Senior Inter-Collegiate Battle In Heavy Wind Gave Win To Varsity — Final Score Was 30 to 2—Queen's Had McKelvey Out Again — Rain Spoilt Final Stage Of Game.

With a heavy wind blowing the full length of the field, Varsity and Queen's met for the first time in four years, at Queen's athletic grounds in the intercollegiate rugby series, Saturday afternoon.

Queen's were looking forward to pulling out a win, as the most of the players who were injured in the previous games were back in harness again but fortune favored the men from Toronto. McKelvey, who made his debut in senior rugby this year, was back again on the half back line. Ferguson, who played a sensational game in the scrimmage has recovered from an injured ankle, while Campbell, who had been under the weather, was feeling fine. Aitchison, who suffered a dislocated shoulder in the McGill-Queen's game was out for the rest of the season.

Varsity were confident of victory, although they were minus a couple of their best players. The team arrived on the Friday night train, and took part in the welcome to the Prince of Wales the following morning. As the Prince of Wales drove past the Front-

nac Hotel, where the team was staying, the members of the team lined up in front of the hotel and gave Varsity yell and it made a great hit with the prince, who waved at the rugby squad. Varsity soccer players were jubilant over their win in the morning over Queen's and the capturing of the championship so were at the athletic grounds in full force to cheer the Varsity rugby on to victory in their game. The line-up was as follows:

Queen's—Flying wing, Brownfield; halves, Carroll, McKelvey and Campbell; quarter, Evans; scrum, Ferguson, Freda and Elliott; inside wings, Bowman and Brandon; middle wings, Ellis and Carson; outside wings, McIntyre and Vandalstyne; spares, Gibson and Stewart.

Varsity — Flying wing, Box; halves, Holmes, Brown and Sullivan; quarter, Duncan; scrum, Montgomery, Shoenbottom and Birdsall; inside wings, Beatty and English; middle wings, Carraw and Wallace; outside wings, Chantz and Pearlman.

Officials: Referee — Lieut.-Col. Constantine, R.M.C. Judge of play—Capt. Roberts, R.C.H.A.

NOTICES

HOLIDAYS ANNOUNCED.

Tuesday, October 28th, 1919, will be observed as a holiday in honor of the visit of His Royal Highness the Prince of Wales.

Classes will be held as usual on the afternoon of Monday, the 27th inst., as the football match which was expected to be held on that day has been cancelled.

Lectures will be suspended on Friday, October 31st, from 11 a.m. to 1 p.m. to enable members of the University to participate in the Convocation ceremony on that day.

The authorities regret that owing to the limited accommodation in the Convocation Hall only Final Year students can be invited, but all others are requested to line Sherbrooke street in front of the University grounds to cheer the Prince as he passes.

STUDENTS SOCIETY.

The annual meeting of the Students Society will be held on Wednesday, 29th, at 10 a.m.

MARITIME CLUB.

Owing to the Arts-Science Rush taking place Friday, the Maritime Club meeting has been postponed till this afternoon. This will give the new men a chance to attend, as everybody make a special effort to be on hand to-day, at 5.30, in Stratheona Hall.

GREAT APPEAL IS ISSUED TO EVERY ROOTER

Men Wanted For the Varsity Game.

STUPENDOUS PRACTICE

Shag. Urges Big Turnout Practice Wednesday At the Stadium At 5 P.M.

The day of the great battle approaches. The hour of the severe test waxed high. The hosts of the "enemy" are arrayed against us. We must give battle—and win.

In other words, the day of what is usually the hardest battle of the football year draws near. The great game with Varsity takes place in Toronto next Saturday. With opponents both strong and worthy, with the battle ground a foreign field, with the atmosphere hostile or, at least unsympathetic, the McGill team will have hard sledding.

So the players will have good reasons to call up their most remote reserves. They will have just cause to summon all the virile force that may be yielded by smashing, healthful youth—moulded under rigorous training and skilful coaching. Even all the eloquence and force and "blood and thunder" of their mighty leader "Shag" must be used to the utmost. They may well cry out for more still, for that sustaining moral force of a United McGill cheering them as to combat and victory even in "enemy" country.

Here is an appeal to the rest of us who are only onlookers to become real and vital and active participants. First—Those who are able to go along to Toronto for Saturday (names are to be sent to Jimmy Lalanne at the Union, so that suitable train accommodation may be secured. It is regrettable that cheap fares cannot be obtained).

Second—A chance for all. There will be a stupendous Rooters' practice at the Stadium on Wednesday at 5 p.m. The band will attend.

"Shag" makes a special appeal to all Rooters to be out to watch the team practice, to encourage and to fire them with a determination so potent that nothing under Heaven can hold them back.

The team gives day after day; will you give just one afternoon? Wednesday, at the Stadium at five P.M.

especially requested to be present. Uniforms are not provided, so come prepared.

All up for snappy practice.

ARTS UNDERGRAD.

The executive of the Arts Undergrad Society and the members of the Dinner and Entertainment Committee are asked to meet this afternoon at 5 p.m. in the Arts Building, to discuss plans for an Undergrad smoker.

ARTS AND LAW.

There will be a football practice to-day at 1.45 p.m., in front of the Arts Building. The workout will be short and snappy. All men are urgently requested to turn out, especially those who have any previous experience. No uniforms required.

MANDOLIN CLUB.

The second meeting of the Mandolin Club will be held at Peate's Studio, corner St. Catherine and Drummond streets, at 7.15 sharp. New music will be on hand and with the large number of new students everything promises to be a big success. The leader, Mr. Peate, will be there and a good practice is assured. As we might have some engagements in the very near future all the members are asked to turn out. Don't forget to-night, 7.30 p.m., at Peate's studio.

SWIMMING CLUB.

All men interested in swimming and water-polo are asked to turn out at a meeting to be held in the Union to-night, at 5.30 p.m. Important business will be discussed and a large attendance is requested.

RESERVED SEATS.

Those wishing to reserve seats for the Toronto-McGill game in Toronto on Nov. 1st, are requested to hand in their names to the Secretary of the Students' Council, before to-morrow afternoon.

SEMI-ANNUAL MEETING POSTPONED.

Owing to the number of holidays during the coming week, the semi-annual meeting of the Students' Society will be postponed until Wednesday, Nov. 5th, at 10 a.m.

WHAT'S ON

TO-DAY.
1.45 p.m.—Law Football practice, outside the Arts Building.
4.00 p.m.—Med. Football team workout at the Stadium.
5.00 p.m.—Executive of the Arts Undergrad meeting.
5.30 p.m.—Band practice at Union.
5.30 p.m.—Maritime Club at Stratheona Hall.
5.30 p.m.—Swimming Club at McGill Union.
7.15 p.m.—Orchestra practice, at Stratheona Hall.
7.15 p.m.—Mandolin Club, at Peate's Studio.
7.30 p.m.—Meeting of the Victory Loan Team, at the Union.

Coming.
Oct. 28th—Basketball practice, at R. V. C.
Nov. 1st—McGill, at Varsity.
Nov. 5, 6, 7 and 8—Dr. Withrow's Lecture.
Nov. 5—Semi-annual meeting of the Students Society.
Nov. 8th—Queens, at McGill.
Nov. 15th—Varsity, at McGill.

McGILL TEAMS CANVASS FOR VICTORY LOAN

Inter-Faculty Competition a Feature.

GREAT ENTHUSIASM.

Students, Parents and Staff Are To Be Covered.

McGill will be asked to do her part in the present Victory loan by subscribing to the utmost. In the former loans many subscriptions were sent in by McGill men to outside teams and helped to swell their totals. This time McGill will have a team of her own and each man will be canvassed by the canvassers from his faculty. Subscriptions will be solicited from students, parents of students, and members of the staff.

There is no doubt that the total amount of subscriptions collected by the McGill team will reach a considerable amount and every man is asked to help in making it greater. Should any student contemplate buying bonds or know of anyone who intends to do so, he should report it to the canvassers had they will approach the people referred to. Members of the staff are also asked to make their subscriptions through the medium of the college team.

Many of the faculty workers have already started their campaign and have met with surprising success. It is expected that the amount collected in the first few days will exceed the expectations of the most optimistic members of the team. Under the new plans for subscribing, men who have not a large income will be enabled to buy bonds by paying for them over a long period of time. The small amount required each month in order to buy a fifty dollar bond can easily be paid by the majority of the students. It is easily the best method of saving a small amount monthly and has the advantage of being as good as ready money inasmuch as they can be converted into Dominion notes at any time, if so desired. Although bonds in small amounts will be sold to many of the students it is expected that many larger sums will be subscribed by students' parents and relations, and members of the staff so that the sum total collected during the campaign will be very large.

Every student will be approached within the next few days and each one is asked to learn in advance to what extent he or his parents will be able to subscribe. The eyes of Montreal will be on McGill during the next few weeks and it is the duty of every man to see that the showing we make will be compatible with our records in every other undertaking.

The captain of the McGill team has been chosen, as has also the secretary and the faculty captains, but it still remains for some of the canvassers to be picked. This will be done to-day and a meeting will be held to-night at 7.30 o'clock to get the plans finally under way. This will be the last general meeting of the McGill team and every man is urged to attend as full instructions will be given and plans distributed.

Information may be secured from the following:

J. L. O'Brien, McGill team Captain.
D. B. Foss, Secretary McGill team.
N. E. Peterson, Captain Arts team.
J. R. Windsor, Captain Science team.
Keith Hutchison, Captain Medicine team.
G. M. Pender, Captain Law team.

ST. HELENS INVADED BY GEOLOGISTS

Utica Shale and Igneous Breccia Studied

SATURDAY MORNING

Relation Of Dykes To Rapids In River—Few Fossils In Shale.

Saturday morning the geology class invaded another piece of territory, adjacent to Montreal, which from a geological point of view is most interesting. About 9.30 many students, armed with hammers and carrying notebooks were seen hurrying towards the docks of Montreal harbour. Here, due to the kindness of the Harbour Commissioners, the tug "John Young" was waiting with steam up and after much puffing and blowing the noble yacht got under way for regions more distant, which afterwards turned out to be the rocky shores of St. Helen's Island.

Having once got rid of its passengers, the tug pulled away and the party was marooned, for the time being at least. Dr. Bancroft then led the way towards the southern point. Here one sees the thin laminated beds of Utica Shale so called because they were first observed and studied at Utica. Overlying the shale at this point is a sheet of igneous rock which was intruded during the period of activity of Mt. Royal and which protects the softer shale from being weathered and worn by the irresistible forces of Nature. Above and beside St. Helen's Island are many rapids in the river caused by the dykes of igneous rock which withstand and wear and tear much better than the soft Utica Shale; thus the water grinds out the soft rock and leaves the hard resistant material to form ridges and rapids in the river. Due to the intense baking of the shale by the mother igneous intrusions few fossils are found in it on St. Helen's Island. Strewn in the shallow water and on the island are monuments and landmarks of the glacial action and of pack ice; these rocks are immigrants from the north and Laurentians or from farther up the river whence they have been floated down by the ice and left behind when it melted.

Proceeding along the shore, Dr. Bancroft drew the attention of the party to the outcrop of breccia which forms the entire part of the north end of the island. This igneous breccia consists of angular fragments of rock cemented together by igneous material. This condition has resulted from an igneous mass of rock trying to smash its way up through the solid shell of the earth, up through the beds of dolomite, sandstone, limestone and shale but failing to break through to the surface has solidified and cemented together all the rocks which it has ground up. In the breccia we find not only rocks which occur far down beneath the present land surface but also rocks which were hundreds of feet higher up than the highest point of the island. This serves to show that the molten rock must have been very liquid and foaming around so as to distribute these rocks so well and also that an enormous amount of rock and earth must have been taken away to our southern neighbours, the United States. One of the rocks which was once far up above the present land surface is Devonian limestone and one large intrusion of this material was found and examined.

As the tug was due to arrive in a short time, the party started back to the landing. On arriving there they found the boat waiting and without any delay everybody climbed aboard and the home trip began.

AFTERNOON TEA AT CAFETERIA

An ingenious mind has at last hit upon a plan that will bring joy to the hearts of many students, both male and female. Starting to-day, afternoon tea is to be served at the Union from 2 to 5 o'clock, every day except Sunday. The service will be a la carte. Surely, this brilliant idea will afford an opportunity for all students and their fair friends to have an enjoyable time during the dull hours between lectures and supper time. During the coming week this plan will be on trial, and it is hoped by those that have taken the responsibility of looking after it, that the students in general will give their unlimited support by bringing one or more lady friends to the Union this week to have a pleasant time chatting over the tea cups. So, come around to the Union to-day, fellows, and help to make the afternoon teas a success, so that they may have a permanent place in the social life of our college. Three to five o'clock every afternoon, and a la carte service.

Macdonald College and "McGill Daily"

Commencing with to-day's issue Macdonald College is in co-operation with the students of McGill in the publication of the Daily. As yet it cannot be definitely stated how long this co-operation scheme will continue in existence.

Under present circumstances, however, the Macdonald College Staff edits a certain portion of McGill Daily and the College paper circulates daily at Macdonald on the same basis as at McGill.

This, it is trusted, will be a real step in the establishment of more intimate relations between the two institutions and will make our affiliation more actual than it has heretofore been.
